IT'S MAGIC!..because when you use Sears Easy Terms your Christmas shopping money is increased 10 times in purchasing power!

Yes! You, too, can afford to give your family all those things you know they want—without spending a lot of money at one time!

This is the magic of Sears Easy Terms! This is the plan that works for so many families—and can for you, too. Just think what it can mean . . . instead of using $30 to buy two or three presents, perhaps—you use it as a 10% down payment—instantly you can buy 10 times as much . . . $300 worth of presents instead of $30 worth!

At Sears, too, you can find various Easy Terms plans to fit your own needs—see them outlined completely on page 294 of this book . . . see how we have averaged down payments, monthly payments, even the length of time to pay to suit your budget.

Remember, that once you have an Easy Term account with Sears you need make no additional down payment when you buy more—often you do not even need to increase your monthly payment. (On a Sears Revolving CHARGE ACCOUNT you don't even need a down payment with your first purchase.)

Freight, express or parcel-post charges are prepaid for you when you buy on Easy Terms. You don't ever need to figure them up—we do it for you, add them to your account . . . and send your goods to you prepaid.

Sears Revolving CHARGE ACCOUNT offers the easiest way of all to buy. Not only gives you many of the advantages of Sears other plans—but requires no minimum purchase, gives you the added convenience of monthly statements so you don't have to worry about "bookkeeping."

Yes—a magic new world of plenty and convenience opens to you when you buy on Sears Easy Terms! By all means, get the added purchasing power that these plans can bring to you—and your family—right now!

[illegible]

THIS APPLIES TO ANY SEARS MERCHANDISE AT ALL—BOUGHT FROM THIS BOOK—OR ANY OTHER SEARS CATALOG.

If you already have an account—you will have no *increase* in monthly payments until next year.

But there's even more good news! If you buy any of the items at right you make no monthly payment until February, *yes, February!* (Of course, if you're adding on to your present account, you make no down payment—and any increase in monthly payments will not start until February.) This applies to all the items at right.

Thousands of gift ideas in this book and in our big Fall Catalog

How to order

Shop through this catalog now. List all the things you want on one of our order blanks. If you don't have a Sears order blank handy, any plain paper will do.

Please be sure to print or write plainly your full name and complete address, including rural route and box number if you live on a rural route. Then give us the catalog number, quantity, name of each item, color, size, price, shipping weight, and any special information or measurements asked for in the description of the item you are ordering. Add the shipping weights of items you are ordering, and change ounces to full pounds (16 ounces to the pound).

Refer to parcel post rate table for amount to include in your remittance for postage, as postage must be paid on parcel post packages before we can ship your merchandise. *If you send too much, every cent extra will be promptly returned to you.*

The best ways for you to send money are by post office or express money order, or by bank draft or check. Your mail carrier will be glad to purchase a post office money order for you if you live on a rural route; or go to your post office or express agent.

Easy Payment Orders

If you order on Sears Easy Payment Plan be sure to check the proper square at the bottom of the order blank. If a new account, answer the questions on the back and have the head of the household sign the agreement. If you have an active account, check the proper square and sign your name on the back.

Sears Export Service

Sears offers a complete export service to over 100 countries. If any of your friends or relatives in a foreign country wants to buy from Sears catalogs, write in any language to Sears Personal Service Department at these mail order houses: Sears at Boston, Mass. for Newfoundland, Labrador and U.S. military personnel only served by APO numbers 677, 862, 863, 864, 865. Sears at Seattle, Wash. for Alaska and APO and FPO addresses in care of Postmaster, Seattle, Wash. Sears at Los Angeles, Calif. for Guam; American Samoa; Wake; Midway; Canton, and Enderbury Island; Hawaii; Caroline, Mariana, Marshall Islands. Sears at Philadelphia, Pa. for Central America, Caribbean Islands, South America, Europe, Asia Minor, Africa, and all other countries not listed for Boston, Seattle or Los Angeles.

How to figure Parcel Post charges

Packages weighing up to 70 pounds and measuring not more than 100 inches in combined length and girth can be sent by Parcel Post in all parcel post zones, except when mailed at a first class post office and addressed for city delivery to another first class post office.

Parcel Post weight limits on packages mailed between first class post offices and addressed for city delivery, are 40 pounds to the Local, 1st and 2nd Zones; and 20 pounds to Zones 3 to 8. The size limit is 72 inches length and girth combined.

Figure postage on total weight of order. The shipping weight of each article is given in the catalog description. When you write your order add the pounds and ounces and change ounces into full pounds (16 ounces to a pound). Then show the total weight in pounds. When figuring postage on packages weighing more than one pound, the post office counts a fraction of a pound as a full pound and charges postage accordingly. (See order blank for instructions on credit orders.)

If you don't know your parcel post zone, refer to table at right or ask your mail carrier or postmaster.

Important about prices

If the price of any item in this catalog is reduced in another current catalog, we will fill your order at the lower price and return every penny of the difference to you. Regardless of which Sears catalog you order from, you always get the benefit of the lowest current catalog prices.

Prices in this catalog apply only to orders placed by mail, telephone, telegraph or at the Catalog Sales Department in a Sears Retail Store, at a Sears Catalog Sales Office, or in one of Sears Affiliated Stores.

Should the Federal, State or Local Governments increase or impose additional taxes after this book goes to press, we reserve the right to add such taxes to the prices shown. On the other hand, if any existing taxes are reduced or terminated while this catalog is in effect, we shall adjust our prices accordingly.

C.O.D. mail orders

Unless there is a real need for C.O.D. service, we urge you to enclose money order or check with your mail order, thus avoiding the extra expense of shipping C.O.D. which would cause you to lose part of the savings in buying by mail from Sears. On parcel post C.O.D. shipments, in addition to the price of the merchandise and parcel post charges, you pay a C.O.D. collection fee which is an extra charge the post office makes for handling C.O.D. shipments. The post office also charges you a money order fee for forwarding payment to us.

We do not ship C.O.D. orders:—for merchandise that is cut, engraved, printed, or made to special order; for merchandise that is shipped direct from one of our factories; for merchandise to be shipped to foreign countries; for merchandise to anyone other than the person sending us the order; for seeds and perishable goods.

Here are the simple facts about

SEARS EASY TERMS

It's Easy to Open an Account

Simply answer the questions on the back of the order blank, sign it and mail to Sears. Or, if you prefer, inquire at your nearest Sears Catalog Sales Office or Retail Catalog Sales Department. Just be sure your order totals $20 or more. For down payment, see the plans below.

Or, to open a Sears Revolving CHARGE ACCOUNT, see the next page.

It's Easy to "Add-on" to Your Account

There's no down payment and in many instances no increase in monthly payments when you "add-on" orders to your open account. "Add-on" orders must total $5 or more (no minimum on Sears Revolving CHARGE ACCOUNTS). Just write on your order "Add to my account." Fill in your account number, sign the agreement on back of order blank, and mail or bring to Sears.

Use Several Plans at Once if You Wish

If your order consists of merchandise from more than one of the plans outlined below requiring down payments, figure the down payment on each one separately and add them together. If you send a larger payment than called for, you naturally reduce the monthly payments.

Remember, on Sears Revolving CHARGE ACCOUNT no down payment is required.

Open a Sears Revolving CHARGE ACCOUNT

No minimum purchase – not even a down payment required when you use this plan. Just like a regular Charge Account – no service charge – if you pay within thirty days. Or, if you wish, you can stretch your payments out over many months (small service charge).

WHEN YOU JUST SAY "CHARGE IT" SHOPPING IS SO MUCH EASIER

You never need to figure delivery charges– we prepay them. Sears own people will figure postage, freight or delivery charges on your order – send your package off to you prepaid, and add the charges to your account.

You don't need to keep money on hand to pay C.O.D. charges. Because the entire amount has been charged, you don't need to pay our driver. Leave home for the day if you wish, a note will tell the Sears driver to leave your package at a neighbor's.

Picking up your order is easier. No delay or money to pay. Your identification card shows you are a "charge customer."

Any Sears Store or Office nationwide will recognize your credit standing. Wherever you are in all these United States your credit is good – on vacation, on business trips, in any place there is a Sears unit. Just show your revolving CHARGE ACCOUNT identification. Sears will be glad to take your "Charge" order wherever you are!

We send you a statement of your account every month. Makes bookkeeping so much easier for you – a complete record of your purchases is always available.

You can even pay for your purchases over many months. Pay your charge each month within 30 days of our billing date with no service charge if you wish – or, if you prefer, stretch your payments out over months. If you choose to do this, your monthly payments ($10.00 minimum) will go up or down, depending on your outstanding balance. (See schedule of monthly payments on next page.) A small service charge will be added each month.

You can open your account now – and order later. This new Sears plan is so convenient, so easy to use you may wish to open your account right now – and start using it later. There is no need to send an order when you open your account . . . open it now – we will send you your identification. You can start using it whenever you wish.

It's easy to start your account – here's how – Simply fill in the application and sign the agreement on the other side of this page – send it to Sears. Or you may open an account by telephone – just by calling the most convenient Sears unit. (See preceding blue section starting with page 287 for telephone numbers.) Tell our phone clerk you want to open a revolving CHARGE ACCOUNT, she will take your application and your order at the same time, if you wish. Or visit any Sears store – they will gladly answer any questions you may have and fill out your application for you.

SHIPPING INFORMATION

PARCEL POST SHIPMENTS: On all articles for which you pay shipping charges, the shipping weight is given in the catalog description. Enter the total shipping weight for each article in the shipping-weight column of the order blank. Add the pounds and ounces, then change ounces to full pounds (16 ounces equals 1 pound), and enter total weight in pounds. The postoffice counts fractions of a pound as a full pound and charges postage accordingly. For example: If your order totals 6 pounds and 30 ounces, allow postage for 8 pounds (30 ounces equals 1 pound and 14 ounces, therefore 1 pound 14 ounces plus 6 pounds equals 7 pounds 14 ounces and the postoffice will charge for 8 pounds).

See chart at right. If you live in Zone 3 or within 151 to 300 miles from Mail Order House, the amount of postage to allow for 8 lbs. is 71c. If you send more money than is needed to ship your orders, we will refund every cent not used.

FREIGHT OR EXPRESS SHIPMENTS: It is not necessary to send money to pay for freight and express shipping charges in advance. You pay shipping charges to agent at your freight station when goods are received. However, if there is no agent at your freight or express station, please include additional money with your order to prepay shipping charges. While express is faster, freight is the most economical way to ship heavy, bulky merchandise. Before marking method of shipment on order blank, compare freight and express rates on blue pages of your big Sears catalog.

TRUCK SHIPMENTS: Not all trucking companies make deliveries to a home address. This can be verified by checking with your trucking company's local agent.

If shipment is to be made to your home and you live outside of town, also give your highway route number and some identifying landmarks.

It is not necessary to send money to pay for truck transportation charges on your order. You pay shipping charges to truck driver when goods are received.

HOW TO SEND MONEY: The best way to send money is by postoffice money order, express money order, or by bank draft or check. The mail carrier will buy a postoffice money order for you if you live on a rural route. It is better not to send coins or paper money with orders, but should it be necessary, be sure to send your order by registered mail.

Lightweight—easier for a youngster to handle. But strong—rugged enough for a wrestler to ride.

Click . . click . . change gears on the go with thumb action. Use low or second for fast starts and for easy hill-climbing. Switch to high on the level and go like the wind—pedal slowly, whiz along. Minimum drag because of bike's low weight and slim 1.375-inch lightweight tires. Ride for miles without tiring. Squeeze the two hand brakes, and you stop on a dime. They stop *both* wheels, not just the rear wheel.

Long trip? Carry food and extras in tourist bag. There's springy comfort all the way in the mattress-type coil-spring saddle. Easy on the rider, little or big.

Good-looking and finished to stay that way. Durable baked-on enamel finish—resists scratches, chipping, rust. Rich onyx-black color set off with white and gold trim and lots of chrome-plating—handlebars, wheel rims, sprocket, hubs, headlight. Add two batteries to headlight and light your way on wonderful night rides.

Definitely an adult bike, but for all ages over 9. Youngsters love the grown-up styling and performance. Seat to pedal adjusts from 32 to 37 inches on boys' model, 31 to 36 inches on girls'. Shipped freight (rail or truck) or express. Shipping weight 45 pounds.
